

Jesus' Compassion

Jesus had a heart full of compassion
He was God in the flesh who was sent on a mission

His mercy was shown to everyone
But in his life, his compassion had only begun

Jesus showed compassion in many ways
Like when he drove out the evil spirit of a man
The spirit left him right at Jesus' command

A great deal of mercy was also shown in healing
Like the time where the paralyzed man was brought through the ceiling

Jesus healed him and the man got up
For he had good friends and with faith, that was enough

Another time when Jesus showed mercy through actions
Was when he fed thousands of people to their satisfaction

Jesus set the example in compassion for us today
By meeting real needs in a concrete way.

We can follow his lead with everything we do
Even if we have to give up an hour or two

Jesus still gives us mercy in our time
Even though we sin, he paid for our crime

The world will know the Father's Love
When you His faithful servant are fixed on things above

So next time you see a friend in need
Don't just have words but make it a deed
